

Early University Program

Get a Head Start on Your Undergraduate Degree

Through this program, students can enroll in university-level courses through University of Massachusetts Global and earn transferable credits that are recognized throughout the US and Canada. It allows students to complete the first university year in Pakistan completely online while also earning an American high school diploma.

Student Benefits

- ✓ Earn high school and university credit at the same time
- ✓ No university admissions applications
- ✓ Demonstrate ability to succeed in the U.S. university classroom
- ✓ Establish high-level English competency
- ✓ Stand out on university applications
